

The Danish American Chamber of Commerce Midwest

211 E Ontario Street, Suite 1800, Chicago Illinois 60611

COMPANY PRESENTATIONS

INSIGHT

The **MIDWEST DANISH AMERICAN CHAMBER OF COMMERCE** has launched a series of company presentations called **Insight**.

The **Insight** series will offer you an exclusive inside look at selected companies in the Chicagoland area, and an opportunity to learn more about their profile, operations, strategic challenges and the people behind it all. In other words: Get insight from the insiders!

The **Insight** series initially focused on Danish companies in the Chicagoland area but has expanded to other companies of interest, including companies visiting Chicagoland area from Denmark and other parts of the US.

The second **Insight** presentation is in place and will be hosted by:

HarneTech LLC
HARNESSING TECHNOLOGY

Friday May 15, 10am - 13am (incl. lunch)

Presentation by

Cris Arens

President

&

Consulate General of Denmark in Chicago

211 East Ontario Street, suite 1800

Chicago, IL 60611

The Danish American Chamber of Commerce Midwest

211 E Ontario Street, Suite 1800, Chicago Illinois 60611

ABOUT THE PRESENTATION

The presentation will give participants exclusive insight into cost savings using renewable technology, how to fund energy efficiency projects in Illinois, and updates on sustainability initiatives in Chicagoland. The presentation will close with a plenary discussion and a Q&A session.

ABOUT HARNETECH:

HarneTech LLC assists local communities in their efforts to lower energy costs and reduce their carbon footprint by improving the efficiency of existing buildings and implementing renewable energy solutions, e.g. solar products and energy efficiency services.

HarneTech LLC was formed by technology and environmental entrepreneurs who believe the time is right to implement renewable and alternative energy technology on a massive scale in the U.S. and around the world. The core focus is on providing products and services that will enable building owners to harness existing technology to improve the efficiency and value of their building.

The presentation is free to members of MWDACC. Non-members are welcome to attend but will be charged \$25.

Note: Space is limited and preference will be given to members on a first come, first served basis.

RSVP: Monday, May 11th, to Kathrine M. Rasmussen: mwdacc@gklchicago.com

Please feel free to contact us, if your company would be interested in hosting one of the presentations, and we would be happy to make it happen. As we are aiming to expand the concept over time, non-Danish companies are encouraged to volunteer to host the InSight presentations as well. We are looking forward to being in contact with you!
